JordanCreek Laser Cut Receptacles

JordanCreek Receptacles

This receptacle is constructed of 1 1/2" steel tubing and contains a decorative inset in each side panel that matches the rest of the collection. These decorative insets offer a variety of custom options and often are utilized to exhibit company names, school names or logos. Each receptacle arrives as a fully welded unit and contains a 36 gallon rigid plastic liner.

Materials:

Frame - 1 1/2" Sq. x 11 Ga. Wall Steel Tubing
 Panels - 7 Ga. Steel Sheet Metal
 Foot Plates - 1/4" x 1 1/2" Stainless Steel with 9/16" Mounting Holes

Sustainability and LEED

JordanCreek receptacles have a recycled material content of 84% of which 73% is post consumer content. This content may vary based on the product design, product material type, and interchangeable piece parts. All styles are 100% recyclable. For more information about SiteScapes sustainable products and policies, please refer to our environmental statement.

Choices

Choose flat, dome or ash top lid; powdercoat or Duracoat finish; and color.
