## Cambridge Space Efficient Receptacles

### Cambridge Receptacles

This space efficient receptacle embodies style and elegance, while maintaining a durable steel shell. The compact dimensions of this product allow it to co-exist in settings where space is of the essence, yet sustain a liberal 20 gallon waste capacity. The Cambridge comes with a rigid plastic liner and steel anchoring plates where security is needed. Additional options include a stainless steel ash inlay and adjustable leveling feet.

### Materials

- 7 Gauge Steel Shell
- Removable Dome Lid
- 20 gallon rigid plastic liner

### Sustainability and LEED

Cambridge receptacles have a recycled material content of 84% of which 73% is post consumer content. This content may vary based on the product design, product material type, and interchangeable piece parts. All styles are 100% recyclable. For more information about SiteScapes sustainable products and policies, please refer to our Environmental Statement.

### Choices

Choose dome top or ash top; stainless, powdercoat or Duracoat finish; and color.

### Finishes

SiteScapes offers product in both a standard powdercoat and its own proprietary Duracoat finish. Both finishes are designed to weather the elements and are guaranteed not to rust, chip, peel, or fade. Call for a standard color chart.
