Echo Serpentine Style Bike Parking

Echo Bike Racks

These popular serpentine style racks are rugged and space efficient. Allowing for parking from both sides of the rack, the echo can be embedded mount or surface flange mount.

Materials

Tubing - 2 3/8" dia. schedule 40 steel tubing
 Foot Plates - 7 1/2" dia. x 1/4" stainless steel

Sustainability and LEED

Echo bike racks have a minimum recycled material content of 93% of which 57% is post consumer content. This content may vary based on the product design, product material type, and interchangeable piece parts. All styles are 100% recyclable. For more information about SiteScapes sustainable products and policies, please refer to our environmental statement.

Choices

Choose five, seven, nine, eleven or thirteen capacity; embedded or surface mount; powdercoat, Duracoat, galvanized or stainless steel.

Echo bike parking options

Embedded Mount has both legs placed in core drilled holes 10" below surface grade. The holes are then filled with concrete to secure the bike rack

Surface Mount has a surface plate on both legs. When the bike rack is positioned it is secured with stainless steel anchor bolts. (customer supplied)
