Meridian Metal Rod Seating

Meridian Seating

The Meridian bench utilizes rigid horizontal metal rods to form its seating surface. Delivered as a fully assembled, unit, this robust bench bolts directly to a concrete pad for permanent installation. In addition to requiring no assembly, this bench remains maintenance free.

Materials

- Metal Rods are 5/8" o.d. solid
- End units are 1" solid square bar
- 1 5/16" support tubes at top and bottom

Sustainability and LEED

Meridian benches have a recycled material content of 99% of which 87% is post consumer content. This content may vary based on the product design, product material type, and interchangeable piece parts. All styles are 100% recyclable. For more information about SiteScapes sustainable products and policies, please refer to our Environmental Statement.

Choices

Choose six or eight foot length; backed or backless; steel bar ends, cast iron ends, steel loop ends, or steel bar ends with no armrests; zero or one center armrest; powdercoat or Duracoat finish; and color.

Finishes

SiteScapes offers product in both a standard powdercoat and its own proprietary Duracoat finish. Both finishes are designed to weather the elements and are guaranteed not to rust, chip, peel, or fade. Call for a standard color chart.
